TONG WU

tongwu@princeton.edu

`https://tongwu2020.github.io/tongwu/`

RESEARCH INTEREST

Trustworthy Machine Learning, GenAI Safety, and Large Language Models. Recently, I have developed **certifiably robust** and **differentially private** retrieval-augmented generation (RAG) systems.

EDUCATION

Princeton University *Aug. 2021 - (2025 or 2026)*
Ph.D. in Electrical and Computer Engineering
Advisor: Prateek Mittal

Washington University in St. Louis *Aug. 2018 - May 2021*
B.S./M.S. in Computer Science and Mathematics
Advisor: Yevgeniy Vorobeychik

RESEARCH & PROFESSIONAL EXPERIENCE

Princeton University *Aug. 2021 - Present*
Research Assistant *Princeton, NJ*

· Developed a certified robust Retrieval-augmented Generation (RAG) system against corrupted retrieval.
· Designed a novel In-context Learning paradigm to mitigate the privacy issues of Large Language Models.

Zoom Video Communications, Inc. *May 2024 - Aug. 2024*
Research Intern *(Remote) Princeton, NJ*

· Developed a method to enhance the LLM system with robustly following the hierarchical instructions.

Microsoft, Inc. (Responsible & OpenAI Research) *Aug. 2023 - Sep. 2023*
Research Intern *(Remote) Princeton, NJ*

· Developed an efficient content moderation model that is $10\times$ faster while retaining 99% accuracy.

NEC Laboratories America, Inc. *May 2021 - Aug. 2021*
Research Intern *Princeton, NJ*

· Proposed a model personalization (meta-learning) framework for event detection of dialysis patients.

Washington University in St. Louis *Dec. 2018 - May 2021*
Research Assistant *St. Louis, MO*

· Developed a robust method to protect deep neural network models against physically realizable attacks.
